About Us

Established in 2003 By the Foister Family, Burnt Ridge - A 40 Acre Pro Level Track, has become a staple in the Pacific Northwest, known for our scenic views, family friendly park, and desirable dirt. Burnt Ridge started as a dream for the Foister Family quickly came to reality, now being owned by Nick Foister and still being a family run track, Burnt Ridge has branched into hosting many large Events and with our recent re-open in 2023 we have been on the fast track for growth.

Whether it's Recreational riding, private training schools, local races or National Events we believe in creating a strong community of riders, fans, and sponsors who share our love for Motorcross and outdoor sports. Our track offers a setting for families, local enthusiasts, and competitive riders to enjoy our diverse options for riding from the Track to Enduro Burnt Ridge has got it all. Burnt Ridge also offers commodities such as overnight Parking, on Site Concessions, Trackside store and more.
